

OPEN SEASON

The AFNAF Health Plan and the Flexible Benefits Plan will be in Open Season 31 October through 30 November 2011.

During the AFNAF Health Plan Open Season, regular category employees may enroll in the health plan without regard to current or previous health status. This means employees will not be asked questions about their medical condition. Also, employees currently enrolled in the health plan may change (add or drop eligible dependents) or cancel coverage entirely.

All health plan elections made during the open season period will become effective 1 January 2012.

During the Flexible Benefits Open Season, employees may elect to pay AFNAF Health Plan contributions with pretax or after-tax dollars.

If you are interested in enrolling in the AFNAF Health Plan, take this opportunity to do so during the Health Plan Open Season . Please contact the HR office if you have questions.
